Profile of the speakers

ICAO, Mashhor ALBLOWI

- Job title: Regional safety officer at ICAO MID Office

**Brief Profile**

- Prior to his assignment in MID region in October 2012, he worked at ICAO HQ, Montreal since 2007, starting with the Air Navigation Bureau in the Flight Safety Section, supporting ICAO’s airworthiness programme. In 2009, he joined the Continuous Monitoring and Oversight Section (CMO), managing the MID portfolio within the Continuous Monitoring Approach (CMA).

- Afterward, Mashhor got another assignment with the ICAO Technical Cooperation Bureau in 2011, managing projects in MID and Europe regions. Mashhor is a certified ICAO-USOAP Auditor since 2008, conducting USOAP CSA Audits and ICVM missions as well as CMA workshops/seminars.
Workshop Objectives

- Provide update on the USOAP CMA Protocol Questions (PQs) and new safety management questionnaire.
- Provide key element on the USOAP CMA on line Framework (OLF) which will improve the communication and service for users.
- Share the Challenges and lessons learnt from USOAP ICAO programme.
- Share best practices on the states experiences leading to ICAO CMA audit.
Course documentations

- CR-Rom with all training material (presentations, support documentation)
